Emergency Management	<ul style="list-style-type: none"> Patrick gave a quick report on the Emergency Management Plan review. Frank asked for clarification on the Grant Award agenda item for emergency planning. Patrick explained that it was poor reporting and it was actually just a budget amendment moving the existing grant to the correct account. Patrick reported that he had received a voicemail that the Middle Creek Early Warning System Special Use Permit had been completed and sent to the county for signature. Patrick is expecting to be able to complete that project in July pending continued rain. Patrick showed the group the upgrades taking place at the EOC with surplus equipment from the old 911 center.
Citizen Corps	<ul style="list-style-type: none">
Unified Health Command	<ul style="list-style-type: none"> Betty reported that the Next UHC is in July and will be a strategic planning session. Betty stated that the health department is looking at purchasing some portable radios for use in mass clinic settings.

Communications	<ul style="list-style-type: none"> Patrick let everyone know that they are looking at doing the best practices site visits the week of July 12th. Frank reported that the Fleet mapping project is moving forward with the agencies interesting in testing the system. Patrick asked if Frank was looking at attending the CASM training and if the system would meet our needs for tracking radio features. Frank said he wasn't sure, but that he'd look into it. Frank reported that all the Fire North equipment is in. They are currently transmitting on Bridger and Steve Mollenhoff will be over in a

	<p>couple weeks to start the switch over.</p> <ul style="list-style-type: none"> • Frank advised that Motorola is currently mapping trunked coverage in the area. • Frank reported that they are currently experiencing two problems with Law North; low volume and L&J coverage. • There was a brief discussion on Narrow banding and the need for everyone to do it. • Bruce reported that the Bridger RDLAP MDT transmitter is still down. The State has been advised, as it is their system, and the repair status is unknown. • Bruce advised that he is in the process of migrating people from Emergin from HipLink.
