## Automatic Aid for Unprotected Areas

Pursuant to the Gallatin County Fire Council Mutual Aid Agreement and Montana Code Annotated, the Fire Chief of the Bridger Canyon Fire District and Gallatin County agree to the following procedure to request response in areas defined as unprotected within the boundaries of Gallatin County.

For the call types selected in attachment A, in the areas defined below, Gallatin County makes a standing request for mutual aid from the Fire Department. In accordance with the Gallatin County Emergency Management Plan, the Gallatin County Sheriff's Office will serve as the Incident Commander.

The Fire Department authorizes the Gallatin County 911 Center to dispatch the Fire Department on the receipt of any call type selected in attachment A that falls within the boundaries of the described unprotected area.

This agreement remains in effect until canceled by the County or the Fire Department

Locations/ESZs authorized by this agreement;
